THANKSGIVING MESSAGE FROM COMMANDING OFFICER

This Thanksgiving Day we have much for which to be grateful. We have completed a long tour in the combat zones of Viet Nam. You can all look back with pride on having done your assigned duty in a manner which has elected much favorable comment. You have served your country well. For many the day of returning to love ones is not far off. For others the opportunity for visiting new lands, meeting new friends and enjoying new experiences is just ahead. For us all is the knowledge that we have come safely through a year, with lessons learned rewards earned and jobs well done. We are filled with a pride our families can share with us, and filled with grateful praise for our Heavenly Father who has guided and protected us throughout the year just passed.

YOUR HOST
